QUOTE OF THE TRIMESTER ✈

"She sent her words
Small paper airplanes
Soundless gliders carrying sounds into the world
Not knowing what path or route they might take
or questioning their worth -
Only trusting their truth
Believing they would land where they were
meant to be heard."
- by Trudy Kleckner

SCRAPBOOK PAGES ✈

President Brenda is looking forward to flipping through scrapbooks filled with pages highlighting chapters' and districts' 2018-19 year. **Each chapter [and district] is asked to prepare a 12x12 scrapbook page [front/back] with pictures and mementos of your chapter's events from throughout the year!**

It would be appreciated if completed pages were sent to me **by April 1st** so they may be assembled into large scrapbooks and given to President Brenda at Annual Convention.

[Please note that completed pages will be slipped into 12x12 page protectors, scrapbook pages are not being distributed this year.]

FUN LINKS TO CHECK OUT ✈

How to Make the World's Best Paper Airplanes

Three tried and true designs perfect for the beginner, moderate, and expert level models to play with. Show your kids how to fold a humble piece of paper into a soaring jet, don't stumble around and hastily construct one from the poor memory of your youth — one that takes a disappointing nosedive as soon as it leaves your fingertips. Instead, teach them the art of making a plane that can truly go the distance.
